

"Securing our Future" – through ZOMF Contributors

ZANT Center Operations and Maintenance Fund (ZOMF) is used to pay the day to day expenses involved with the running of our Zoroastrian Center of North Texas (ZCNT), such as electric, landscape, water etc.

ZANT is working to secure the operations and maintenance of our ZCNT, today and into the future. Today, we reach out to **YOU**, our ZANT community, and secure **your** commitment to the ZOMF, so that we meet not only our current budgetary requirements, but concurrently, we work to make our ZANT Center self sufficient in terms of funding, by creating a 3 year ZOMF Reserve. The current budget estimates a \$30,000 a year requirement for ZCNT operations and maintenance. We are confident that our community here in North Texas, will do their part towards achieving this goal. We are asking for families to step forward and make a commitment to SECURING OUR FUTURE!

By achieving this steady revenue, ZANT Boards can continue to concentrate on fund raising for activities like religious education, celebrating festivals, inviting guest speakers, sending our youth to Congresses and sporting events across the world, and many other community-centered tasks that promote the Zoroastrian religion and heritage. The ZANT Board will keep the community informed on the yearly ZOMF balance and will work with the community to achieve the 3 year reserve plan.

So we begin today! Families step forward and make the **commitment to funding the ZOMF**, whilst ZANT continues its fundraising efforts through community activities. As the years go on, ZANT will continue to manage the surplus in a professional manner beneficial to our future generations. Our **children** reap the benefits of what we do today, just as we have benefited from all that our forefathers have done for us.
